PRODUCTS

Sala Cuna POR ALI CARD

Daycare

This system optimizes the management of daycare benefit for your company's collaborators.

Each mother receives a card with her child's name, his/her physician, health system her child is member of and his/her blood type.

This card functions as an identification method, and means safety for the children, as they can only be withdrawn of the daycare center when passing the card through an electronic scanner.

This card avoids the generation of multiple agreements with daycare centers, which optimizes billing control.

Every service management action is made through a web platform.

We work with daycare centers recognized by the competent authorities of each country.

PRODUCTS

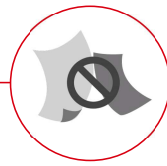

Interactive Menu

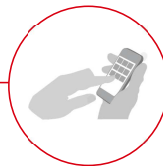

Restaurants have an interactive menu in several languages, where users can localize them, make reservations and place orders online.

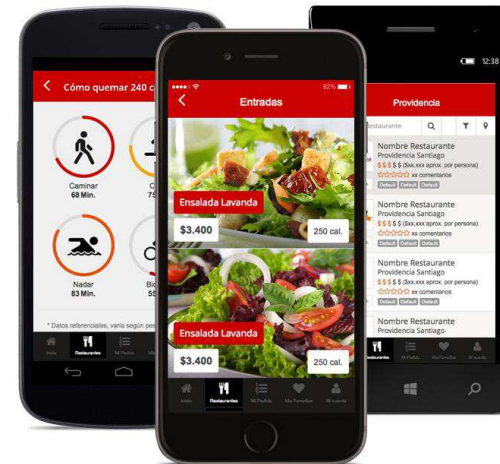

This method improves customer experience.

Restaurants no longer have the need of printing and distributing static advertisement every time their menu changes.

Customers can pay online.

PRODUCTS

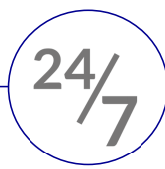

Electronic Billing

This platform allows to issue and receive all tax documents necessary for an efficient development of the economic activity, obeying all regulations required by the Law.

This method saves time, reduces costs and ensures the compliance of their business strategies.

Easy-to-use Interface, with 24/7 technical support.

It allows to connect anywhere in the world.

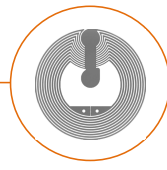

PRODUCTS

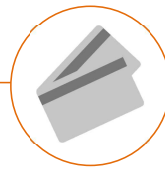

We have the platform for your business to control and manage from your computer or cell phone the supplying of your vehicles, using our cards or other modern systems.

Supplying System without Human Intervention (With chip / WiFi).

NFC (Near-Field Communication) Supplying System.

Cards.

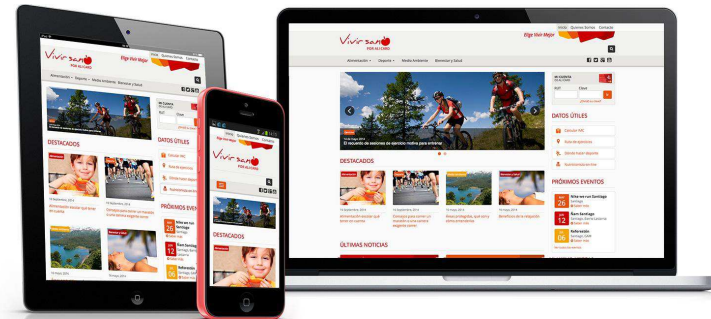

— PRODUCTS —

Healthy living

Website that offers information about all aspects that help people have a healthier life, as having the correct diet, physical activity, protecting the environment, etc.

Promotes healthy life habits and styles.

Contributes to improve quality life and wellbeing.

It helps to promote loyalty to their customers in these interest areas.

PRODUCTS

PAY PUNTOS

Pay Points

The use of any of our payments processing cards grants benefits to our clients, by means of an accumulation of points system for each reload, purchase or use of these means of payment.

Get discounts, additional reloads or shopping in retailers.
